Overall Length:

60.000 inches

Overall Height:

74.750 inches

Overall Width:

38.200 inches

Actuation Method:

Magnetic

Duty Cycle:

Continuous

Horsepower Rating:

350.000

Ambient Temp:

50.0 degrees celsius

Inclosure Feature:

Dripproof

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541b0
