Overall Length:

18.000 inches

Overall Width:

16.000 inches

Ac Voltage Rating:

110.0 volts

Frequency Rating:

60.0 hertz

Duty Cycle:

Continuous

Operating Voltage Characteristic:

Full

Horsepower Rating:

5.000

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Amp Size Rating:

6.1

Features Provided:

Circuit protection fuse

Phase:

Three

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541b0
