Hazardous Locations/environmental Protection:
Dripproof
Actuation Method:
Magnetic
Size Designator:
2
Duty Cycle:
Continuous
Actuator Voltage:
115.0 ac
Ambient Temp:
50.0 degrees celsius
Inclosure Feature:
Dripproof
National Electrical Manufacturers Association Standards Design:
Designed per nema std
Phase:
Three
Frequency In Hertz:
60.0
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A541c0
