Speed Adjustments:
Single speed
Ac Voltage Rating:
440.0 volts
Frequency Rating:
60.0 hertz
End Application:
Electrical control equipment
Size Designator:
2
Horsepower Rating:
25.000
Inclosure Feature:
Dripproof
National Electrical Manufacturers Association Standards Design:
Designed per nema std
Features Provided:
Circuit protection fuse
Phase:
Three
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
