#### **Overall Width:**

42.500 inches

## **End Application:**

Electrical control equipment

## Input Phase:

Three

## Panel Quantity:

1

## Input Voltage Rating:

440.0 ac pounds per hour wet

## Input Frequency In Hertz:

60.0

Shelf Life:

N/a

#### Unit Of Measure:

--

#### Demilitarization:

No

## Fiig:

T122-g
