**Overall Length:**

5.800 inches

**Overall Height:**

5.050 inches

**Overall Width:**

4.440 inches

**Ac Voltage Rating:**

Between 110.0 volts and 120.0 volts

**Actuation Method:**

Magnetic

**Duty Cycle:**

Continuous

**Mounting Configuration:**

Three mtg holes for

**Horsepower Rating:**

3.000

**National Electrical Manufacturers Association Standards Design:**

Not designed per nema std

**Amp Size Rating:**

37.0 and 50.0

**Features Provided:**

Reversible

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A541d0
