Ac Voltage Rating:

600.0 volts

Actuation Method:

Manual

Duty Cycle:

Continuous

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Amp Size Rating:

20.0

Control Type:

Remote

Features Provided:

Accessory location external or accessory location internal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
