| Circuit Type:                    |
|----------------------------------|
| Parallel                         |
| Regulation Method:               |
| Electronic                       |
| Electronic Device Type:          |
| Electron tube                    |
| Compensation Provided:           |
| Differential cross current       |
| Input Current Type:              |
| Ac                               |
| Input Frequency Rating In Hertz: |
| 60.0                             |
| Input Phase:                     |
| Three                            |
| Shelf Life:                      |
| N/a                              |
| Unit Of Measure:                 |
|                                  |
| Demilitarization:                |
| No                               |
| Fiig:                            |
