Hazardous Locations/environmental Protection:

Watertight

Overall Depth:

4.000 inches

Overall Height:

8.000 inches

Overall Width:

9.200 inches

Fuse Current Rating In Amps:

0.5

Circuit Breaker Type And Quantity:

1 single pole

Special Features:

Three receptacles

Material:

Steel

Surface Treatment:

Cadmium and passivate

Style Designator:

Rectangular, surface mounting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A17600
