**Hazardous Locations/environmental Protection:**

Dripproof

**Actuation Method:**

Magnetic

**Duty Cycle:**

Continuous

**Operating Voltage Characteristic:**

Full

**Ambient Temp:**

50.0 degrees celsius

**National Electrical Manufacturers Association Standards Design:**

Designed per nema std

**Features Provided:**

Circuit protection fuse

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A541b0
