Overall Length:

2.500 inches

Dc Voltage Rating:

29.0 volts

Duty Cycle:

Continuous

Operating Voltage Characteristic:

Full

Ambient Temp:

-55.0 degrees celsius and 71.0 degrees celsius

Inclosure Feature:

Totally enclosed

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
