| Overall Length:   |
|---|
| 2.500 inches  |
| Dc Voltage Rating:  |
| 29.0 volts  |
| Duty Cycle:   |
| Continuous  |
| Operating Voltage Characteristic:                               |
| Full  |
| Ambient Temp:   |
| -55.0 degrees celsius and 71.0 degrees celsius                  |
| Inclosure Feature:  |
| Totally enclosed  |
| National Electrical Manufacturers Association Standards Design: |
| Not designed per nema std                                       |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:  |
|   |
| Demilitarization:   |
| No  |
| Fiig:   |
