End Application:

Matrix assembly-left hand aft muxand interface; used on 16e2604

Special Features:

Consist of 1 plate; 1 wiring harness; 1 panel assembly; and miscellaneous hardware

Relationship To Similar Equipment:

Create -807 same as and to replace -805 (6110-01-435-3078)

Type/model Designation:

F-16d block 50; tail effectivi type 1d 0001 9999

Fsc Application Data:

Aircraft accessory equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-g
