Overall Length:

1.585 inches

Overall Height:

2.457 inches

Overall Width:

1.380 inches

Current Type:

Ac or dc

End Application:

Aircraft, airlifter c-17a

Current Rating In Amps:

120.0

Voltage Rating:

120.0 volts

Operation Type:

Automatic

Phase:

Three

Special Features:

Neutral tap

Specification Data:

82647-mil-m-7969, direct acting type, method iii government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A510t0
