Ac Voltage Rating:

Between 208.0 volts and 230.0 volts

Actuation Method:

Magnetic

Operating Voltage Characteristic:

Full

Horsepower Rating:

0.500 and 1.000

Ambient Temp:

-25.0 degrees fahrenheit and 125.0 degrees fahrenheit

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Features Provided:

Circuit protection fuse

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
