Overall Length:

1.970 inches

Overall Height:

3.660 inches

Overall Width:

1.730 inches

Ac Voltage Rating:

690.0 volts

Actuation Method:

Manual

Operating Voltage Characteristic:

Full

Horsepower Rating:

2.000 and 20.000

Ambient Temp:

23.0 degrees fahrenheit and 131.0 degrees fahrenheit

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Amp Size Rating:

40.0

Control Type:

Local

Special Features:

Coil voltage 110.0 vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
