Overall Height:
16.780 inches
Overall Width:
10.120 inches
Ac Voltage Rating:
440.0 volts
Actuation Method:
Magnetic
Duty Cycle:
Continuous
Ambient Temp:
50.0 degrees celsius
Inclosure Feature:
Dripproof
National Electrical Manufacturers Association Standards Design:
Not designed per nema std
Features Provided:
Circuit protection fuse
Product Name:
Controller a.C. Magnetic size 1
Special Features:
Type: across the line; controller weight 36 lb (est)
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A541d0
