Overall Length:

6.375 inches

Overall Height:

13.188 inches

Overall Width:

7.812 inches

Actuation Method:

Magnetic

Actuator Voltage:

120.0 ac

Inclosure Feature:

Watertight

National Electrical Manufacturers Association Standards Design:

Designed per nema std

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541c0
