Overall Height:

3.540 inches

End Application:

Plc, electric power generation system

Special Features:

Din rail mount; voltage input ranges: 100mv to 250vac; voltage output: 0-5v, 0-10v; dual function led indicator (green); temperature range: operating: 0 to 55 degrees c; storage: -25 to 70 degrees c; wire terminations: screw terminals for 12-22 awg; weight is 0.48 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
