Overall Length:

8.000 inches

Overall Height:

24.000 inches

Overall Width:

11.000 inches

End Application:

Part of control assembly 3, stage 4 blower, cage 55929, pn j01013d205; used on radome system, cage 55926, pn j01013d001-1; end item ci equip list, afscn range segment, cage 0rym4, pn aa38119001-01

Horsepower Rating:

5.000

National Electrical Manufacturers Association Standards Design:

Designed per nema std

Product Name:

Motor starter 5hp

Phase:

Three

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541c0
