Overall Height:

28.120 inches

Overall Width:

18.120 inches

Ac Voltage Rating:

Between 120.0 volts and 440.0 volts

Actuation Method:

Magnetic

End Application:

Contactor 215-806-010

Operating Voltage Characteristic:

Full

Ambient Temp:

50.0 degrees celsius

Inclosure Feature:

Dripproof

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Product Name:

Drawing)duct heater contactor size 5 assembl (215-806-010)

Special Features:

Depth 9.76 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541d0
