Overall Length:

14.120 inches

Overall Height:

12.120 inches

Overall Width:

9.760 inches

Ac Voltage Rating:

120.0 volts and 440.0 volts

Actuation Method:

Magnetic

End Application:

Contactor

Duty Cycle:

Continuous

Mounting Configuration:

Wall mount bolt requirements 0.500inch diameter, grade (min) , torque to 90 lb-ft

Operating Voltage Characteristic:

Full

Ambient Temp:

50.0 degrees celsius

Inclosure Feature:

Dripproof

National Electrical Manufacturers Association Standards Design:

Designed per nema std

Product Name:

Duct heater contactor, size 2 assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
