Current Type:

Ac

End Application:

Control panel, water mist

Voltage Rating:

120.0 volts

Inclosure Feature:

Ventilated

Mounting Facility Type And Quantity:

2 rack

Special Features:

Emodules installed above the racks of premium plc's provide forced air convection, in order to maintain ambient temperature inside the enclosure and to eliminate the various hot spots that may exist

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A508r0
