Overall Length:

18.000 inches

Overall Width:

6.500 inches

End Application:

An/fpq-16

Product Name:

Controller assembly

Special Features:

Submitted as controller assembly; this is a cots microcontroller, power supply, and fiber optic isolator housed inside a high voltage isolation enclosure; ac input vol 120 vac single phase; input fuse 3ag, 5 amp, 250v, fast blow; motor control outputs (1-8) 120 vac, single phase, 0.5 amps max; ac voltage monitors (1-8) 0-250 vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541b0
