Overall Length:
18.120 inches
Overall Height:
9.140 inches
Overall Width:
12.120 inches
Frequency Rating:
60.0 hertz
Fuse Accommodation Quantity:
2
Operating Voltage Characteristic:
Full
Fuse Current Rating In Amps:
10.0
Ambient Temp:
50.0 degrees celsius
Inclosure Feature:
Dripproof
National Electrical Manufacturers Association Standards Design:
Not designed per nema std
Amp Size Rating:
68.0
Phase:
Three
Special Features:
440 volts; wall mounted; drawing name - lighting contactor (23 mcm) assembly
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A541c0
