Actuation Method:

Magnetic

End Application:

Controller, ac

Duty Cycle:

Continuous

Operating Voltage Characteristic:

Full

Horsepower Rating:

20.000

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Amp Size Rating:

28.0

Control Type:

Local

Special Features:

Size s2; 3-poles; screw terminals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
