End Application:

Group control center p/n6976ed118

Criticality Code Justification:

Agav

Component Type And Quantity:

2 barrier and 1 connector and 3 lamp and 7 light and 3 panel and 6 switch and 11 plate

Product Name:

Control and indication panel assembly

Special Features:

Ball indicating lights are green; includes 3 polycarbonate coves & 1 door steel; all nameplates are brass, gray, black letters; distribution statement d, military critical technology: export controlled

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
