End Application:

Improved navy lighterage system (inls)

Size Designator:

5

Operating Voltage Characteristic:

Full

Load Protection Type:

Overload

Inclosure Feature:

Dust tight and rainproof and watertight

National Electrical Manufacturers Association Standards Design:

Designed per nema std

Product Name:

Motor starter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541c0
