Overall Length:

17.500 inches

Overall Height:

10.500 inches

Overall Width:

12.380 inches

Ac Voltage Rating:

440.0 volts

Duty Cycle:

Continuous

Mounting Configuration:

Six 27/64 in diameter holes, irr spaced

Operating Voltage Characteristic:

Full

Ambient Temp:

50.0 degrees celsius

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
