Average Life Measurement:

Not rated

End Application:

Leak detection

Basic Shape Style:

Rectangular or square

Inclosure Type:

Hermetically sealed

Installation Design:

Mobile and module

Product Name:

Refrigerant leak detector

Special Features:

Detects leaks of sulfur hexafluoride (sf6); all halogenated refrigerants hvac systems; 14 inch flex ss probe with polytetrafluoroethylene liner; leak levels up to 18(suppgmicroprocessor controlled circuit with advanced digital signal processing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
