**Ac Voltage Rating:**

440.0 volts

**End Application:**

Controller a.C magnetic size 5-5

**Duty Cycle:**

Continuous

**Operating Voltage Characteristic:**

Full

**Product Name:**

Cylinder

**Special Features:**

This part number is for the cylinder only. Contact fingers are not included.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A541b0
