Ac Voltage Rating:

600.0 volts

End Application:

Starter, compressor p06-5644

Mounting Configuration:

35mm din rail

Amp Size Rating:

150.0 and 200.0

Product Name:

Navy: contactor; cage: contactor, non-reversing, 150a, 200a, screw clamp, not rated

Special Features:

Non-reversing contactor; inductive: 150a; resistive: 200a; hp (3-phase): 40hp at 200vac, 50hp at 230vac, 100hp at 460vac, 125hp at 575 vac; 3 poles; coil voltage: 120vac at 50/60hz; coil consumption inrush: 280 to 350 va; coil consumption sealed: 2 to 18 va; coil voltage code: g7; type: tesys d; power wire size: no. 8 awg to 250mcm; terminal type: screw clamp; control wire size: no. 14 to 18 awg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
