Ac Voltage Rating:

120.0 volts

End Application:

Special aircraft and engine tool and support equipment/parts; 6635-01-362-9184: magnetic inspection unit, stationary

Operating Voltage Characteristic:

Full

Horsepower Rating:

40.000

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Amp Size Rating:

150.0

Product Name:

Inavy: tele contactor; cage: contactor, non-reversing, 150a, 4-pole, tesys f

Special Features:

Non-reversing; operating voltage: 120vac@60hz; max. Voltage rating: 600vac; terminal type: screw clamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541d0
