Actuation Method:

Magnetic

End Application:

Rtcass

Operating Voltage Characteristic:

Full

Horsepower Rating:

5.000 and 10.000 and 50.000

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Product Name:

Inavy: contactor; cage: contactor, non-reversing, 65a, 80a, screw clamp

Special Features:

Single phase: 5hp at 115vac and 10 hp at 230vac; 3-phase: 20hp at 200/230vac and 50hp at 460/575vac; max. Voltage rating: 600vac; 3-pole (no); coil voltage: 24vdc; terminal type: screw clamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
