Overall Length:

3.350 inches

Overall Height:

3.660 inches

Overall Width:

1.770 inches

Current Type:

Dc

Pole Quantity:

3

Current Rating In Amps:

2.5

Voltage Rating:

690.0 pounds per hour with retaining chain

Mounting Facility Type And Quantity:

2 screw

Operation Type:

Manual

Product Name:

Pushbutton manual motor protector

End Item Design Control Activity:

Eaton

Special Features:

Pushbutton; frame b; class 10; motor protector device with thermal and magnetic trip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510t0
