**End Application:**

Naxi 100-4 (0at62) air compressor used on ddg51 and 53

**Panel Material:**

Any acceptable

**Product Name:**

Control panel (motor controller); control panel assembly

**Special Features:**

Major components: processor, w155121w (0at62); w155122w (0at62), operator, interface; 12426466 (88663)module input, 120vac; 2154814 (88663), module relay; w154942 (88663), module rtd; w154812a (88663), module analog

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T122-b
