End Application:

Naxi 100-4 (0at62) air compressor used on ddg51 and 53

Panel Material:

Any acceptable

Product Name:

Control panel (motor controller); control panel assembly

Special Features:

Major components: processor, w155121w (0at62); w155122w (0at62), operator, interface; 12426466 (88663)module input, 120vac; 2154814 (88663), module relay; w154942 (88663), module rtd; w154812a (88663), module analog

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
