Ac Voltage Rating:

600.0 volts

End Application:

Motor, controller, p/n 2344e001

Size Designator:

3

National Electrical Manufacturers Association Standards Design:

Designed per nema std

Special Features:

3 pole, non-reversing, 120vac coil with 1 auxiliary contact

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541c0
