Speed Adjustments:

Single speed

Overall Length:

500.0 millimeters

Operating Voltage Characteristic:

Full

Fuse Current Rating In Amps:

10.0

Load Protection Type:

Short circuit

Ambient Temp:

70.0 degrees celsius

National Electrical Manufacturers Association Standards Design:

Not designed per nema std

Special Features:

6 operators; mechanically interlocked between pairs; cable entry is rubber sleeve with stepped entry diameters; 10 amp thermal current; mushroom head pushbutton positive operation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541b0
