Overall Length:
16.00 inches
Overall Height:
25.20 inches
Overall Width:
36.00 inches
End Application:
Coolant heating unit
Horsepower Rating:
24.00
Product Name:
Hotstart cmm coolant heating system
Special Features:
Input and output connection diameters are both 1.00 inches in diameter; flow in gallons per minute is 25.00 gpm;
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A541d0
