Overall Length:

16.00 inches

Overall Height:

25.20 inches

Overall Width:

36.00 inches

End Application:

Coolant heating unit

Horsepower Rating:

24.00

Product Name:

Hotstart cmm coolant heating system

Special Features:

Input and output connection diameters are both 1.00 inches in diameter; flow in gallons per minute is 25.00 gpm;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541d0
