End Application:

Misc pts elec

Current Rating In Amps:

400.0

Inclosure Feature:

Dripproof

Input Voltage Rating:

125.0 dc volts 2nd voltage rating

Product Name:

Power distribution panel; (inavy) panel, power dist

Special Features:

Description: 18ckt, 3phm/1phb, dripproof, type 1, class 1; power distribution panel per mil-dtl23928/1-05 symbol no. 1007; technical manual number: 0521-tm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T122-g
