Overall Height:

3.75 inches

Overall Width:

5.25 inches

End Application:

Boat, rigid i

Current Rating In Amps:

100.0

Inclosure Feature:

Fully enclosed

Input Voltage Rating:

120.0 ac volts single voltage rating

Product Name:

Ac 3 position; (navy) panel power distrib

Special Features:

All hot, neutral, and safety ground buses installed, fully pre-wired; on indicating leds installed in all circuit positions; 3 positions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T122-g
