Input Voltage Rating:

600.0 dc volts single voltage rating

Special Features:

Color black; 350 amp current rating; input wire, awg 2-14; mounting type is panel; 2 inputs; 6 outputs; 3 poles; output wire, awg 4-14; primary type is power distribution; special features are high sccr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T122-g
