Mounting Type:

Base

Steam Operating Pressure:

440.0 pounds per square inch gage

Overall Length:

130.000 inches

Overall Height:

62.500 inches

Overall Width:

58.000 inches

Current Type:

Dc

Dc Voltage Rating:

Between 120.0 volts and 240.0 volts

Steam Temperature Rating:

740.0 degrees fahrenheit

Identifying Number:

Type 102-hd-dp

Manufacturer Name:

Crocker wheeler div. Of elliott

Stage Type:

Single

Dc Wattage Rating:

300.0 kilowatts

Excitor Type:

Self-excited

Prime Mover Manufacturer Name:

Crocker wheeler div of elliott

Turbine Design Type:

Reaction

Exhaust Type:

Condensing

Turbine To Generator Coupling Method:

Gear train

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T322-a
