Overall Height:

15.000 inches

Overall Length:

13.000 inches

Overall Width:

20.000 inches

End Application:

Defense meteorological satellite program (dmsp)

Power Rating:

2200.0 watts output

Special Features:

Usda forest service approved spark arresting muffler; 1500 watts; 120/240 volts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
