**Mounting Type:**

Skid

**Overall Length:**

35.000 inches

**Overall Height:**

24.000 inches

**Overall Width:**

25.000 inches

**Current Type:**

Dc

**Dc Voltage Rating:**

28.0 volts

**End Application:**

This generator was gas driven and converted to diesel using conversion kit nsn 2815 01 440 4426

**Identifying Number:**

Mep-026d type no.

**Manufacturer Name:**

Mobile electric power us army materiel command

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T322-a
