Mounting Type:

Base

Overall Length:

52.000 inches

Overall Height:

49.500 inches

Overall Width:

21.700 inches

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Winterization Feature:

Included

Prime Mover Manufacturer Name:

Perkins

Prime Mover Identifying Number:

404c-22g2 model no.

Product Name:

Generating set

Phase:

Three

Special Features:

Industrial water cooled diesel engine, 12vdc electrical system, mechanical governor; self excited brushless generator; lcp2 control panel; standby 22.0kva at 50hz, prime 20.Kva at 50hz.; standby 25.0kva at 60hz; prime 22.5kva at 60hz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T322-a
