Prime Mover Cooling Medium:

Liquid

Mounting Type:

Tubular frame

Overall Length:

34.00 inches

Overall Height:

22.25 inches

Overall Width:

23.25 inches

Current Type:

Ac

Frequency Rating:

Between 56.5 hertz and 63.3 hertz

Manufacturer Name:

North star

Ac Wattage Rating:

6500.0 watts

Prime Mover Starting Method:

Electric motor

Prime Mover Manufacturer Name:

Yanmar

Prime Mover Identifying Number:

L-100 model no.

Housing Type:

Open

Phase:

Single

Special Features:

120v 20amp receptacle; 120/240v 30amp receptacle; battery not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T322-a
