Overall Length:

38.000 inches

Overall Height:

2.200 inches

Overall Width:

25.700 inches

End Application:

Used on tacwaves tactical wireless audio visual portable alerting system field station tower

Voltage In Volts:

16.9

Special Features:

80 watt max; 4.73 amp; photovoltaic multicrystal module; encapsulated, laminated; anodized aluminum frame; 14 pct efficiency

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
